## THE SIKES REMINDED US WHAT SOUTHERN HOSPITALITY IS LIKE

A pouring rain just before the meeting didn't stop 30 plus from delighting in the warm hospitality of Marvin and Carolyn Sikes at

their home in Duluth. What a beautiful home it was, great

food and great cars. Their garage stocked with beauties from the past including a Thunderbird, Jaguar, and, of course the Sikes' two Studebaker beauties were the highlight for us Studebaker fans. We liked them all, however.

The Sikes host May.

Meeting at the Sikes's

A beautiful fountain graced the entryway to the Sikes' home in Duluth.

Tom and Maureen Elliott are hosting the June 4 club meet at their home in Fayetteville. Catered barbeque and the fixings for \$10 per person. Bring folding chairs, bathing suits and towels (if you want to swim after the lunch and business meeting). They need an accurate headcount for the caterers, so please RSVP either via e-mail:

This is their first official "shindig" to show off their new pool so please feel free to allow your kids to swim but YOU MUST SUPERVISE THEM as Maureen and Tom will not be able to play lifeguard! Park your Studebakers on the front lawn to show them off to the neighbors. Tom will, once again, be directing traffic. There are also two driveways for parking, so

there should have plenty of room.

## Studebaker Flock and parts for sale in Chatsworth, GA

My Father passed away in August of 2005, and left the family with several Studebaker cars and trucks. Along with these are several extra doors, fenders, hood and parts that could be used to fix up other cars and trucks. There are also new parts that are in boxes that have never been opened. Parts like window channels, air conditioners, bearings, generators, glass for doors on cars or trucks, tie rod ends, front end parts, just an assortment of parts for cars and trucks.

### *Dad brought the Studebaker parts home*

My Father and Uncle were partners back in the mid 70's when they went out of business. Dad brought all the Studebaker parts home with him. These parts have never been used, they have been in storage, and he also had two (2) cars in storage **one is a 56 President almost restored, and a 53 Coup** which the restoration process has just barely been started. There is a 64 Silver Hawk under a shed, all original. There are also two (2) Larks and three (3) trucks.

There are several doors, fenders and hoods of all kinds for Studebakers. We also have several engines; flathead 6 and v-8, the 259 and 289's.

cams, heads, oil pans, etc. There are several axels, rear ends and just an assortment of parts for all types of Studebakers.

If anyone is interested in purchasing this assortment of Studebaker parts, cars and trucks they can e-mail me at [lucky@alltel.net](mailto:lucky@alltel.net) or call me at home (706) 695-0806; work (706) 695-3231 or mobile (706) 280-6366. **Sam Gibson**

Didn't think that going to the Studebaker meeting could be profitable.

Telling time is no problem at the Sikes' clocks, clocks . . .

Too many cooks spoil the broth, or barbeque, or what was it? Here are Rick Kamen and Don Smith offering little advice.

Serve them up, says Ray Downing in the Sikes' parlor.

President's Message:

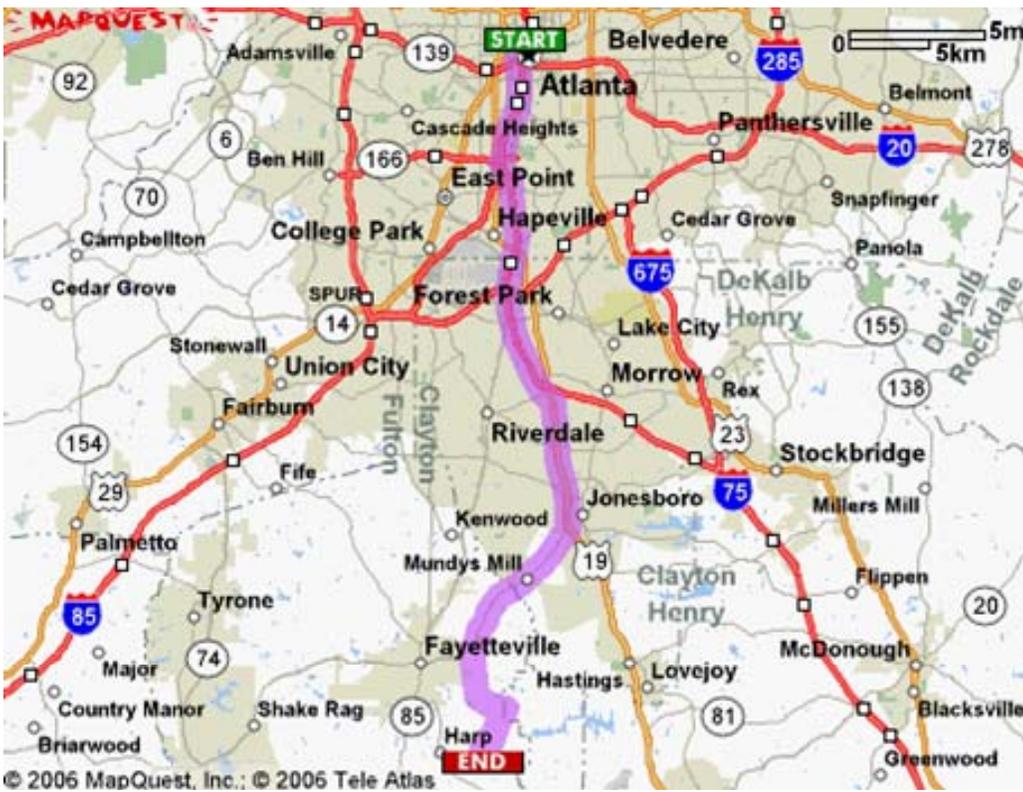

It's great to have new blood in our membership and what a great addition we have had, for example, in Marvin and Carolyn Sikes. Not only are they active in attendance, they also have brought two splendid Studebakers to add to our gallery. Marvin's Hawk is a perennial show winner and now Carolyn is going to be tough competition with her new beauty. The nice thing about the Sikes is that they show their cars. That helps build enthusiasm for the potential new Studebaker family out there who haven't discovered what we already know about this fine car. Too few of us are showing our cars, thus too few are seeing the unique styling that made Studebaker famous.
