## President's Message

It's the time of year to be thinking of winter projects to improve our Studebakers and have them ready for spring cruise-in's and our Sunday meetings. In my case almost every part of my car needs major help. Helen and I would like to wish everyone a Merry Christmas and a Healthy, Prosperous, and Happy New Year.

*-Loren Nelson-*

## Editor's Commentary

Guadalupe and I are amazed that an entire year has already gone by with the two of us co-editing the Hillholder. It seems like only....FIVE years! This activity takes a lot of time and effort! But we are happy to do it, and it's actually rather fun. The year 2016 was great, and we're looking forward to an equally great year in 2017. Sadly, we lost some dear friends during the past year, including Solon Couch, Bob Lytle, and Marvin Sikes. They will continue to be dearly missed. On a lighter side, the Hillholder was blessed by contributions from a bunch of our members, including Wayne Lee, Charleen Carey, Hellen Attaway, Janet Alspach, Alan Ziglin, Ben Alspach, Rick Kamen, and many more. We hope that the members will continue to contribute information, pictures, and articles to this newsletter. After all, the Hillholder is a communication vehicle for the whole club, and this is your newsletter. Where else can you socialize with a great group of people while getting help and learning about Studebakers? We're looking forward to seeing all of you at the meetings throughout the coming year.

## Recipe Corner - Bacon-Wrapped Pork Tenderloin

Ingredients: 1 (1 lb) pork tenderloin, 1 teaspoon steak or Italian seasoning, 6 slices of bacon

Preheat the oven to 350 degrees. Remove the silverskin (the silvery-white connective tissue running along the top) from the pork tenderloin with a sharp knife. Pat the tenderloin dry with paper towels.

Rub the seasoning into the tenderloin. Wrap the tenderloin with the strips of bacon. Secure with toothpicks if you desire although searing the tenderloin will ultimately secure the bacon.

Using a large cast iron skillet over medium-high heat, sear on one side 6 to 8 minutes. Turn over and sear the second side for another 6 to 8 minutes.

Keep the tenderloin in the skillet and transfer to the oven. Cook approximately 10 to 14 minutes until a meat thermometer reads 140 degrees. Remove from the oven and loosely tent with foil. Rest for 10 to 15 minutes to allow the tenderloin to finish cooking and the juices to redistribute into the meat. Remove toothpicks and slice into ¼ to ½ inch pieces for serving.

Serves 4.

*-Hellen Attaway-*

## SOME THOUGHTS ON RESTORING A STUDEBAKER

Written by Chuck Lampman, this 99-page book is based on articles written by Chuck Lampman, North Georgia Chapter SDC member, that appeared in *Turning Wheels* in the early 1990's and won the SDC Churchill Award for Best Article, Non-paid. Some material edited out of *Turning Wheels* is included in the book as well as updates and several new items written after the *Turning Wheels* series was published. "Some Thoughts" is aimed at the first time restorer but will be of value to the more experienced. It is not intended to be a "how to restore" book but gives a look at the decision-making processes, tools, spaces, and basic skills needed to do a restoration. It also provides a framework to help structure a project and contains several chapters of Studebaker-specific advice.

Cost for the book shipped to continental US addresses is \$22.50 plus \$4.00 for handling and postage. Payment can be

made through PayPal sent to [chuck@lampman.com](mailto:chuck@lampman.com) or by mailing a check or money order to Chuck Lampman, 4141 Lynette Court, Kennesaw GA 30144-2293.

Contact Chuck Lampman directly for purchases outside the continental U.S.

1955 "E" series pickup street rod. The truck has a 1978 Oldsmobile front clip on it, a 305 GM V8 coupled to a turbo 350 Trans. It has a Dana 44 rear end that is really a good match for the turbo 350 (good highway cruising). It has power disc brakes on the front and power steering (both GM); we have repainted it, re-upholstered it and put all new radials and Cragar rally wheels on it. Call Allan Dias at 407-585-3200 or email to [mailto:atd@wiginton.net](mailto:mailto:atd@wiginton.net) for details. (Cosby TN)
