President's Message

Those who could not attend the annual picnic at Ft. Yargo, missed a lot of good food and Studebakers. We even had some drop-in visitors who got the meeting information off the internet, but thought the start time was 3:00 and were late. They are hopefully going to be new members.

I don't have any Studebaker skinned knuckles repair stories for you this month because we went on a road trip starting the day after the picnic. We went to our daughter's house north of Denver to visit Eli and Hannah, our 9 year old twin grandchildren, Cheri and Adam their parents, and Odett, their very large, full-size poodle. They need a big dog because one time we saw a bobcat under one of their bushes. They also have a lot of other predators, including eagles, which love to dine on small dogs and cats.

We played Racko with the kids, and Eli and I played Chess to two stalemates. We also visited a butterfly exhibit and a huge Lego show that the kids really enjoyed, and so did we.

Adam is a car guy who collects Mopars (no Studebakers yet). We diagnosed a steering problem with his 69 Super Bee 440 Six Pack. Cheri raises chickens, ducks, turkeys, bees, and horses.

The kids started school on the 15th, and we left to go north to the Grand Tetons and Yellowstone. Then we headed east through the Big Horn National Forest, Mt. Rushmore, Crazy Horse Monument, and Badlands National Park.

Just for Laughs

The following material, contributed by SDC Publications Director Larry Swanson, is taken from a column called Odds 'N' Ends written especially for SDC Editors by Pete Yuen, retired newsletter editor:

A couple was planning to host a cocktail party, and the hostess thought that the invitations should read, "From 6:00 to 8:00." But her husband objected because he thought that this was telling the guests when to go home. So, the invitations were sent out, reading, "Cocktails at 6:00." This resulted in the party still going strong well past midnight. After a police officer arrived at the door, he told the hostess that someone in the neighborhood had complained and that the racket would have to stop. The hostess was outraged and said that she could not imagine that one of their neighbors would have made a complaint. The police insisted that a complaint had been received and recorded so the party has to break up. After the last guest had left, the hostess inquisitively turned to her husband, "I wonder who called the police?" Her weary husband replied. . . . "I did."

Quotes from Charles Dickens:

- Our lives would run a lot more smoothly if our second thoughts came first.
- All people smile in the same language.

SOME THOUGHTS ON RESTORING A STUDEBAKER

Written by Chuck Lampman, this 99-page book is based on articles written by Chuck Lampman, North Georgia Chapter SDC member, that appeared in *Turning Wheels* in the early 1990's and won the SDC Churchill Award for Best Article, Non-paid. Some material edited out of *Turning Wheels* is included

in the book as well as updates and several new items written after the *Turning Wheels* series was published. "Some Thoughts" is aimed at the first time restorer but will be of value to the more experienced. It is not intended to be a "how to restore" book but gives a look at the decision-making processes, tools, spaces, and basic skills needed to do a restoration. It also provides a framework to help structure a project and contains several chapters of Studebaker-specific advice.

Cost for the book shipped to continental US addresses is \$22.50 plus \$4.00 for handling and postage. Payment can be made through PayPal sent to chuck@lampman.com or by mailing a check or money order to Chuck Lampman, 4141 Lynette Court, Kennesaw GA 30144-2293.

1963 Daytona 2DR HT \$24,900 negotiable

My friend Ernie Stover owned many Studebakers over the years and purchased this one to do a ground-up restoration. Unfortunately, he couldn't finish it due to failing health so I purchased it in hopes I could finish it while he was still alive so he could see his project completed. A year and a half later, I did have it mostly completed when he passed away and he did get to ride in it on Drive Your Studebaker Day September 9, 2016.

The car is beautiful. He didn't spare any cost on restoration which I followed through as well to the completion. I don't have room for the car, Ernie has passed away and now I feel like I can sell it. Michael Benson, 912 401-3634. (Savannah, GA)
