President's Message

I hope everyone weathered the hurricane without major damage. As far as I can tell we had no damage to the house. We got a new roof last fall that was rated for 130 mph wind and it appears to have done the job. Our trees did not survive as well. We lost one Sweet Gum that was well over 100 feet tall. It was down the hill next to our creek that washed out part of the root system and the top fell on our front walk, barely missing the front porch. We also lost 3 large oaks in our side yard and the 4 of the neighbor's trees fell on our lot in back of the house.

I was in Pigeon Forge when all that happened, for some golf and the car show week. If you haven't been there, Pigeon Forge has car shows on consecutive weekends in September and the town fills with collector cars. Traffic is horrible as people cruse up and down Rt. 441 looking at the hundreds of cars parked along the street. Out of all the cars I only saw 2 Studebakers plus one very nice, factory-air Avanti in the formal car show on the weekend.

-Loren Nelson-

Did you catch a glimpse of these folks in the parking lot at the September meeting? They were a group of Venezuelans living in Miami who drove from there to Atlanta to escape the hurricane. They were looking for a place to spend the night when they stumbled upon our great-looking cars. Guadalupe Taylor explained to them (in Spanish) who we were and what our club is about. They enjoyed seeing the cars and learning about the club.

He also mentioned that we received a certificate of appreciation from the Studebaker Museum resulting from our club's \$250 donation going toward the maintenance of a 1950 Commander Starlite Coupe. The Museum also gave us 10 free admissions to the Studebaker Museum. Anyone interested in making use of those free admissions can contact Jim.
