- 5 Treasurer's Report
- 10 Studebaker Corral

EVENTS

- 8 Studebaker Happenings
- 9 December Meeting

PRESIDENT'S PROSE

By Ben Alspach

COUNTING OUR BLESSINGS AT HOLIDAY TIME...

With Thanksgiving upon us (and Hanukkah, too...I'm told it begins this year at sundown on November 27) and Christmas right around the corner, it's easy to get swept up in the busy Holiday "tidal wave." However, before we become completely consumed by shopping lists, party planning and decorating, I'd encourage you to take a couple of minutes to reflect on the past year. Pause and consider all we have to be thankful for—even the "small things" like your membership in our North Georgia Chapter of the SDC.

I won't go off on a tangent about our affluent society, generally high standard of living and consumptive life style. Certainly, most of our members are getting along reasonably well or they could not afford an extra "fun car" that often requires more than average upkeep and repairs. Beyond that, just think about our little group...our monthly meetings and good times we share as fellow Studebaker enthusiasts.

How many place do you go (with the exception of work or maybe church) where you know almost everyone by name, have become well acquainted by chatting with them over numerous meals, have worked with them on committees or projects, and have often swapped stories, offered advice or even assisted in diagnosing a problem? Some of our members have been in this club for over 20 years and these friendships go back a long way! You have to admit that in this day and age of electronic communication, fun little social gatherings like our SDC meetings are more the exception than the rule.

But, remember all of this great fellowship doesn't just "happen." It takes planning, organization and some hard work. We should be grateful for the energetic members who volunteer to host a meeting and make all of the related arrangements (including those fine meals!). What about our officers and representatives who handle the treasury, record the meeting minutes, prepare the monthly newsletters and keep us plugged into SDC activities and developments on a regional and national level? Have you checked out our North Georgia Chapter SDC web site or received a card or flowers during an illness or family loss? Have you won a 50/50 drawing or an attendance prize? You have some loyal Chapter members to thank for these amenities.

According to our Membership Secretary, Barbara Miller, we (Continued on Page 3...See President.)

Editor's Note: It is the end of another year. 2013 will be behind us soon. From this editor's standpoint, it has been a great year. There have been some truly enjoyable North Georgia Chapter meetings and the members have supported this newsletter so well. I read a lot of newsletters from other SDC Chapters and the North Georgia Chapter stands out for the amount of contributions from its members.

Recognition for their contributions go to Edward Burris, Charleen Carey, Dot Hunt, Dale Jakupca, Richard Knoblock, Wayne Lee, Jim Masone, Barbara Miller, Loren Nelson, Carole Nichols, Mark Vail, Wayne Ziemer and Alan Ziglin. Ben Alspach deserves special recognition because he has been steadfast in writing his "President's Prose" column. Another unsung hero is Terry Ziemer, North Georgia Chapter Secretary. Each month, within days after a meeting, she has the minutes ready for publication without fail. My husband, Bill Delli, deserves a lot of credit as well. Not only does he put up with me, he does the photography and proof reading. A lot of editors are not as lucky to have a membership that supports the newsletter like the North Georgia members. Thank you all!

Thought for December: "Christmas waves a magic wand over this world and behold everything is softer and more beautiful." Reverend Norman Vincent Peale

###

TOP AWARDS GO TO STUDEBAKERS

(Contributed by North Georgia Member Alan Ziglin)

On Saturday, November 16, 2013, the Georgia Cool Cruisers Car Club again sponsored their annual Toys for Tots Car Show in conjunction with the US Marine Corps at the Galaxy Diner in Chamblee GA.

With over 75 cars present, there was a wide variety of original, restored, modified and custom cars along with street rods and a few motorcycles.

Among the awards, 10 cars were singled out to receive "Top 10" awards. Despite all the competition, two Studebakers owned by North Georgia members each won one of these awards:

Lenny and Phyllis Major's beautiful 1964 Studebaker Avanti R2.

Alan and Rochelle Ziglin's original 1929 Studebaker Commander.

Once again, Studebakers managed to stay in the public eye!

STUDEBAKER TREE SIGN FOLLOW ON STORY

(North Georgia Member Mark Vail sent an e-mail with this story.)

Attached is a photo of a picture of the proving grounds, which shows the trees in their prime. I purchased this piece at the estate auction of the widow of one of the Wendling brothers back in the late '90's in Altamont IL. The Wendling brothers owned the Studebaker franchise in Altamont. I was told this was one of a series of photos that were displayed in dealerships during the 1962 Studebaker centennial. I recall that there were one or two other different photos with autos in them at this auction, but this is the one I got because nobody seemed to be very interested in it. Including the frame, it measures 39 1/2" wide and 29 1/2" high.

###

(President...Continued from Page 2) have received 10 new member households into our Chapter this year. We must be doing something right because these folks obviously feel the spirit of friendship and hospitality that are the pillars upon which this club is built. An interest in Studebaker vehicles may have brought us into the group, but it's the people that really make it all worthwhile. And, for this great group of people, we should all be **very, very thankful**.

PS. We'd really like to update the member photos on our North Georgia Chapter SDC web site and Chuck Lampman will handle the updates if we supply the photos. Check out our member photo gallery at www.studebakerclubs.com/NorthGeorgia and send Chuck a photo of you and your car. It's a nice looking site and helps attract new members, too.

###

North Georgia Chapter SDC Minutes
November 3, 2013
Claude's Off the Bayou, Loganville, Georgia

Ben Alspach, President, called the meeting to order at 2:40 PM. He thanked the meeting hosts, Wayne and Terry Ziemer. He welcomed guests.

Sign-in Sheet being passed around.

John Hollier moved, Alan Ziglin seconded, to approve the October 2013 minutes as published in The Hillholder. Motion carried.

John Hollier moved, Rochelle Ziglin seconded, to approve the September 2013 Treasurer's Report as published in The Hillholder. Motion carried.

Ben congratulated those with November birthdays/anniversaries. Those to keep in our thoughts: Brenda Phillips and the family of Bill Tilden.

Announcements

1. Alan announced that in the November issue of Turning Wheels there is an article about the charitable work done by the North Georgia Chapter SDC.
2. Chuck Lampman asked for photos of members and their Studebakers for the North Georgia Chapter web page.

Reports

1. Edward Burris (National) – Edward is attending the Florida State Meet so no report.
2. Wayne Lee (Zone) – In Edward's absence, Ben reported that there are 4 candidates running for the Southeast Zone Director position, including our own Edward Burris. There is 1 person running for the Zone Coordinator position (now occupied by Wayne.)
3. John Hollier (Region) – Attended the Atlanta Petit le Mans. No Studebakers in the race!
4. Bill Delli (Treasurer) – Balance 10/01/2013 was \$4825.34. Balance 10/31/2013 was \$4821.34. Complete report in The Hillholder.
5. Charlotte Delli (Editor) – Apologized for her funny email format. It has been fixed thanks to Chuck Lampman.
6. Barbara Miller (Membership) – 2014 dues are \$10 and payable now. Let her know any changes to the roster.

Unfinished Business

Alan explained that we will hold our February 2014 meeting at the Chamblee Community Center and the Hudson club will join us. Cost to use the facility (payable now) is a refundable \$150 damage deposit and \$140 or \$180 for rental. Difference in cost is based on whether our club has a 501 (c) 3 tax status or non-profit status. Alan is working with the Chamblee people to determine this. Alan moved, Chuck Lampman seconded, that Bill Delli be authorized to issue to Alan Ziglin two checks made payable to Chamblee Parks and Recreation: One check in the amount of \$150 for the deposit and one check in the amount of \$140 for rental of the facility. Further, if Chamblee City staff will not allow the non-profit rate, Alan Ziglin is authorized to pay the additional \$40 for the rental. This \$40 will be reimbursed to Alan. Motion carried.

New Business

1. Please RSVP to Barbara for the Christmas meeting, to be held on December 8 at The Diner at Sugar Hill.
2. Charleen Carey has information about a '53 4-door Commander for sale for \$1500.00.
3. Ben had a request from the president of the Maryland/Delaware/Virginia SDC chapter about 2 Studebakers for sale in Statham GA. He would like someone to view the cars and let him know their condition. If anyone is interested in looking at the cars, talk with Ben about it.

Alan moved, Marsha Byrd seconded, to adjourn the meeting. Motion carried at 3:07 PM.

Six Door Prizes were given out. Charleen won \$50.00 in the 50/50. The North GA Studebaker Club banked \$51.00.

Submitted by
Terry Ziemer, Recording Secretary

2014 SDC ELECTIONS

Elections are being held for a two-year term from April 15, 2014 to April 14, 2015 for Director of the Southeast Zone. Ballots are now available. NOTE THAT ONLY AN OFFICIAL BALLOT WILL BE COUNTED.

Go to www.studebakerdriversclub.com. Click on "News" in bar at top. In drop down box, click on 2014 SDC Election. Ballots may be mailed or e-mailed. FOLLOW DIRECTIONS EXACTLY FOR VOTE TO COUNT.

STUDEBAKER SPOTLIGHT THE 1956 STUDEBAKER GOLDEN HAWK

STUDEBAKER'S CROWN JEWEL

By Charlotte Delli

The 1956 Golden Hawk was Studebaker's crown jewel in the '50's. It was built to compete with the Chevy Corvette and the Ford Thunderbird, and the Golden Hawk surpassed them both in performance in 0-60 and quarter mile times. It was America's first luxury sports car with four seats. Although Ford claimed to be the first with this type, it did not introduce the four-seater Thunderbird until 1958. Once again, Studebaker was ahead of its time. Studebaker touted the Golden Hawk as a "family sports car." Its sleek, low slung design made Chevrolets and Fords look like Army tanks. With the advent of the Golden Hawk, small, independent Studebaker was the David against the Goliaths—Chevrolet, Ford and Chrysler. Studebaker was considered the trend setter for the American cars that would follow.

There were 4 Studebaker Hawk models available in 1956—the Flight Hawk, the Power Hawk, the Sky Hawk, and the Golden Hawk. (The Silver Hawk would not arrive until 1957.) The Golden Hawk was the top of the line and the only '56 Studebaker Hawk with fins. The Flight and Power Hawks were pillared coupes and the Sky and Golden Hawks were non-pillared hardtops. All of the '56 Hawks were long and low with unique grilles.

4071 1956 Golden Hawks were manufactured and sold for a cost of \$3061 each. It was the most expensive of the 1956 Hawks; the other Hawks cost between \$1986 (Flight Hawk) and \$2417 (Sky Hawk). The 1956 Power Hawk with 7095 cars was the most produced and the Sky Hawk with 3050 cars the least produced. The Golden Hawk was priced to compete with the Corvette and the Thunderbird and sold more than the Corvette. The Thunderbird sold more with 15631 cars in sales. Production of the Golden Hawk ended in 1958 when only 878 cars were manufactured and sold at a price of \$3282.

Restoration of a 1956 Golden Hawk presents some interesting challenges. Unlike other Studebakers, which had interchangeable parts, the Golden Hawk had many unique features: It had subtle, fiberglass fins; trunk lids and hoods specific to the '56 Hawks; tail lamps just for the Golden Hawk; special side trim spears; and a Packard 352 ci V8 engine. (The '56 Golden Hawk was the only Studebaker Hawk to have a Packard engine.) Tail lamp housings, trunk deck trim,

original Stewart-Warner vacuum gauges and original steering wheels are now among the hardest items to find.

The 1956 Golden Hawk did not come with a factory installed supercharger. McCulloch did make a supercharger kit available for installation after production. This kit increased the speed of the Golden Hawk to 145 mph and enabled it to reach 0-100 in 16 seconds compared to 22.6 seconds for a stock engine without the supercharger.

The 1956 Golden Hawk had other features that made it a show stopper. Fifty-eight percent of its weight was over the front wheels. This produced superior handling and road maneuverability. Its transmission had direct drive in high gear. This feature would not appear in other automatic transmissions until 30 years later. It also had power steering and heavy duty suspension.

Produced in both South Bend IN and Los Angeles CA, the '56 Golden Hawk is sometimes referred to as the "56J." This refers back to the series and body type code—56J-K7 for the '56 Golden Hawk. The first two numbers—56—refer to the year. The first letter equals the engine (J is for the 352 V8). The second letter equals the body type (K is for hardtop). The last number stands for the exterior and interior trim (7 is for hardtop trim).

Three fortunate North Georgia Chapter members own a 1956 Golden Hawk: Chip and Kaye Branch, Billy Greene, and Chuck and Cindy Lampman.

TECHNICAL TOPICS

The following information is contributed by Larry Swanson, Studebaker Publications Director, and reprinted with permission from a column entitled *Odds "N" Ends* written by Pete Yuen, retired Newsletter Editor, especially for SDC Editors.)

****On the more modern cars, the oil pressure gauge is operated electrically through a pressure switch sending unit. This is not the case with Studebakers. Their oil pressure gauge is operated directly with the oil pressure from the engine. There is an oil line to the gauge that is coupled to a hose which in turn is coupled to an oil outlet on the engine. The hose is easily spotted on the rear of the engine and going up on the engine side of the firewall. Unless this hose has been changed within the last 6 or 7 years or so, it should be checked. The motor should not be running when this check is made.

Get a hold of the hose and flex it a few times. It should be flexible and not crack. If it is not flexible but hardened with heat and age, it is time to get a replacement. If the hose is brittle and cracks, it needs to be replaced before the engine is started again; otherwise, oil will leak out of the crack and spew all over the engine.

In the event that the hose should rupture while you are driving, there will be several things that will be obvious—

1. You will smell hot oil.
2. The engine compartment will be messed up and possibly have a fire if the oil gets heated to its flash point.
3. You will not be able to get to your planned destination without delay...
4. You will not be able to get a replacement hose from your auto parts jobber.
5. Pressure will drop on your oil gauge.

Take a moment to check the hose. If replacement seems advisable, the hose can be ordered from Studebaker Parts Suppliers. It is not an expensive part and it is an important part of the Studebaker.

Shown in Studebaker Chasis Parts catalogs as illustration 0116-39 described as coupling.

STUDEBAKER MEDIA/ MEMORABILIA FOR SALE

SOME THOUGHTS ON RESTORING A STUDEBAKER.

Written by Chuck Lampman, this 99 page book is based on articles written by Chuck Lampman, North Georgia Chapter SDC member, that appeared in *Training Wheels* in the early 1990's and won the SDC Churchill Award for Best Article, Non-paid. Some material edited out of *Turning Wheels* is included in the book as well as updates and several new items written after the *TW* series was published.

time restorer but will be of value to the more experienced. It is not intended to be a "how to restore" book but gives a look at the decision-making processes, tools, spaces and basic skills needed to do a restoration. It also provides a framework to help structure a project and contains several chapters of Studebaker-specific advice.

Cost for the book shipped to continental US addresses is \$22.50 plus \$4.00 for handling and Postage.

Payment can be made through PayPal sent to chuck@lampman.com or by mailing a check or money order to Chuck Lampman, 4141 Lynette Court, Kennesaw GA 30144-2293.

(Note: If mailing payment, notify Chuck by E-mail that the check is coming so that a copy of the book will be available.)

Purchases from Canada, Europe, Asia, and Australia: E-mail Chuck at chuck@lampman.com for pricing and payment information.
